

## President's Challenge 2025 **Someday is Now**

Hello BAMQ Members,

My challenge for 2025 is to use patterns and inspirations we have been meaning to use for a project. If you have a pattern that you have wanted to make, now is a good time to make it. If you have a photograph or other item that you have been wanting to use as inspiration, get inspired and make it. Let's make the "someday" projects the "now" projects.
